SCHILLER DUCANTO & FLECK

Karen Pinkert-Lieb's background in finance, tax law, and psychology make her well suited to navigate complex custody and financial cases. After years of success as a litigator, she was one of the first attorneys at SDF to dedicate

her practice to alternative dispute resolution. She was one of the firm's first female equity partners, and she was chair of the Family Law Section of the Illinois State Bar Association where she drafted family law legislation. She has been instrumental in mentoring and promoting female attorneys from law clerks to owners, including promoting alternative work arrangements. A Chicago-Kent College of Law grad, she also participated in the creation of SDF Cares, a firmwide volunteer initiative.
