

Burt Hochberg is among the top 5% of all the attorneys I have worked with - and against - in my professional career. His expertise is unmatched & his pragmatism is founded in the crucible of extensive experience. I have known Burt for 15 years, when he first represented me in a divorce. Recently, he assisted me to resolve a lingering issue from that agreement.

The "Top 5%" is a lofty position given my professional experience in the venture capital industry for over 25 years. I worked with some 120 attorneys representing me or my companies & worked against another 120 or so on the other side of the table. Add to that another 40-ish attorneys in jurisdictions outside the US.

So, how does Burt earn such a high rating? Five specific reasons come to mind.

First, he is a clear communicator. Listen carefully & you will ALWAYS know the important points to focus upon & which points are of lesser value to support your position.

Second, Burt adroitly mingles legal expertise with practical knowledge of how the legal system functions in his realm. As in the first point, you will always understand which points will have bearing with a judge & which will likely be ignored.

Third, you can depend on him to patiently help you with any topic at any time. Sometimes he will push you when it's appropriate.

Fourth, he assembles strong teams of professionals with complementary skills to support his efforts. I include accolades for Elaine Knowles, SDF Partner, & Chimene Granados, Associate.

Finally, Burt will never, ever make you feel inadequate with some flippant remark, a condescending tone or a dismissive attitude.

I encourage you to speak with Burt, ask him probing questions and get comfortable with his expertise, his skills & his style. I believe that you will come to agree with me that Burt will represent you well.

Burton Hochberg was my attorney through a very difficult divorce and for three post decree matters filed by my ex husband. Burt did an excellent job and "won" basically every argument presented through all cases. While the fees here are considered to be on the high end, I never once questioned them because the peace that I had in knowing I didn't need to worry about my own attorney and their handling of the case, was worth every penny I paid. I can confirm this because of the absolute horrible experience I had with Michael Ian Bender and Pasulka & Associates in a fourth post decree case where I didn't use Burt Hochberg in hopes of saving a little money after the non stop filings by my ex husband. The billing and service with Bender and Pasulka was insulting!

Thank you to Burt Hochberg for being such a sharp attorney and for the compassion and respect he showed me as a client. Sadly I will likely need to deal with future cases, and if I do, I will definitely be using Schiller Ducanto & Fleck with Burt Hochberg and his team!
